WORK EXPERIENCE

INVIDI Technologies

Intermediate Software Developer

Edmonton, AB, Canada (Remote)

June 2022 - Present

- Responsible for Backend development and DevOps tasks overseeing INVIDI Conexus™
- Engineered high-performance, scalable, and fault-tolerant applications using Kotlin, Kubernetes, and AWS
- Developed RESTful APIs, implementing OAuth 2.0 to ensure secure data exchange between components
- Implemented automated email notifications for customers regarding pending advertisement slots, leading to a 15% boost in client impressions
- Managed cloud infrastructure across 10+ environments using Terraform and Bitbucket Pipelines
- Joined a 24-hour on-call rotation, ensuring a 99.9% system uptime and minimizing revenue loss
- Mentored and supported new team members, sharing technical expertise and industry insights to accelerate their onboarding process
- Recipient of the 2023 INVIDI Best Talent Award

INVIDI Technologies

Software Developer Intern

Edmonton, AB, Canada (Remote)

May 2020 - September 2021

- Worked within a scrum team of 6 to develop Kotlin microservices in INVIDI Edge™
- Enhanced code coverage from 60% to 95% in existing projects through the implementation of unit and integration tests
- Extended Datadog dashboards and monitors, resulting in a 20% reduction in issue resolution time

PROJECTS

ISSSRewards *React, Django*

 [issssrewards.com](https://github.com/issssrewards)

A rewards-based web application for The Interdepartmental Science Students' Society at the University of Alberta with 30,000+ members.

- Developed a React frontend and a fully specified REST backend built with Django and PostgreSQL
- Integrated Google login functionality, enabling users to authenticate securely using OAuth with Google accounts
- You can view a video demo of the project here 

FeelsBook *Android, Firebase*

An Android application where users can post, track, and share their moods.

- Used Firebase to store and retrieve user data
- Utilized Google Maps API to track locations of user posts and display them on a map

EDUCATION

University of Alberta

Bachelor of Science with Specialization in Computing Science

Edmonton, AB, Canada

May 2022
